June 2016 - August 2017 (1 year 3 months)

Ogden, Utah, United States

Formulate, architect, and implement processes and strategies to guarantee adherence to Health Department, Food and Drug Administration, and additional regulatory compliance.

Vice President of Sales and Marketing

May 2015 - June 2016 (1 year 2 months)

Ogden, Utah, United States

As Vice President, I architected operational frameworks to bolster our sales growth strategy, focusing on enhancing wholesale sales. This entailed the initiation and deployment of inventory management software, the inception of a wholesale-specific website, the birth and expansion of the company's contract manufacturing initiative, and the establishment of a specialized sales and customer service unit.

I was instrumental in resource planning, orchestrating, and hands-on participation in trade show booths, while also overseeing the logistical coordination of our event team and resources at national exhibitions.

Following the introduction of the FDA's deeming regulations, my role transitioned to VP of Regulatory Affairs & Compliance.
